Google App Engine – Examples !

Richard Ngamita
Developer Relations
Google Africa Team

Installation

Installing the SDK

http://code.google.com/appengine/

OR

Grab my USB Key

Prerequisites: Python 2.5 (optionally the Python Imaging Library, but not for this tutorial)

Found on USB key under `/code`

```
$ cd usr/local/google_appengine/

Python dev_appserver ~/Desktop/google_appengine/

new_project_template

$ python ../dev_appserver.py .

INFO      2010-07-07 17:51:22,354 __init__.py]

.

.

.
```

app.yaml

index.yaml

main.py

Thank You
